I. Introduction

The APR is used by the U.S. Department of Education to determine if grantees are making substantial progress in achieving the goals and objectives of the project, as outlined in the approved application and required by the Education Department General Administrative Regulations (§75.253). Continued funding for your project is contingent upon making substantial progress. The APR consists of a cover page and six sections. Grantees must provide data for the Reporting Period and the Budget Period.

Sections I, II, IV, V and VI address the implementation of activities and services for the reporting period described below.

Type of Grant	Grant Year	Reporting Period
Continuing Grantees	Years 2 through 6 or 7	Previous 2018-19 Academic School year
New Grantees	Year 1	Start date to March 31, 2020

Section III addresses the federal and matching expenditures and fiscal management of funds for the budget period. The budget period for continuing grantees and new grantees is from the beginning to the end of the last grant performance period. Block 6 of the grant award notification for your new or continuation award outlines the budget period. Grantees must address actual and anticipated expenditures and carryover funds.

Actual Expenditures	Anticipated Expenditures	Carryover Funds
From start date of budget period to March 31, 2020	From April 1, 2020 to the end of the budget period	Anticipated funds that will be carried over to the next budget period

The APR must be submitted through the web-based system.

II. Disclaimer Screen

Every time you access the system you must accept the terms of the following disclaimer.

A teal-colored rectangular box with a white border. At the top center, the word "Warning" is written in a large, white, sans-serif font. Below this, there is a paragraph of white text explaining that the user is accessing a U.S. Federal Government computer system and that usage is monitored. The text states that unauthorized use is prohibited and subject to criminal and civil penalties. Below the paragraph is a bulleted list of two items: 1) Any access by an employee or agent of a commercial entity, or other third party, who is not the individual user, for purposes of commercial advantage or private financial gain (regardless of whether the commercial entity or third party is providing a service to an authorized user of the system); and 2) Any access in furtherance of any criminal or tortious act in violation of the Constitution or laws of the United States or any State. Below the list is another paragraph of white text stating that if system monitoring reveals information indicating possible criminal activity, such evidence may be provided to law enforcement personnel. At the bottom center of the box is a white button with a black border and the text "CLICK HERE TO ACCEPT" in black, uppercase letters.

If you don't accept the terms on the disclaimer screen, you may not use the system.

Recommended browsers for this website include:

- Chrome version 41 and newer
- Firefox version 44 and newer

Please be aware that versions of Internet Explorer less than 11 (IE 10, IE 9, etc.), and versions of Windows less than 10 (Windows 8.1, Windows 7, Windows Vista) are no longer supported by Microsoft. This means they are no longer receiving security patches, bug fixes, or updates.

If you are running software that is no longer supported by its manufacturer, you must upgrade to a supported version or switch to a supported browser.

Security requirements dictate that users may only access the GEAR UP website while using supported software.

a. New User Accounts

If you need a new user account, click the **New User** button and enter your email address into the field provided. The system will check to see if your email is already registered.

If your email address is not in the system, you'll be presented with a form to request a new user account. Make sure you provide the new user's:

- First Name
- Last Name
- Email Address,
- Institution Name, and
- Grant PR Number

The Help Desk must verify that the new user is authorized to access the application by contacting an individual that is currently in the system from a previous year.

Please allow up to one business day for new accounts to be created.

To save a step and expedite this process, you may choose to have someone who is already listed on the grant, such as the Project Director, fill out the new account request form on behalf of the new user.

b. Two-Factor Authentication

All Federal websites are now required to include **TWO-FACTOR AUTHENTICATION** in the login process. You may have seen this on other websites, especially those for banks and credit card companies.

Two-factor authentication requires that you login first with something you *know* (i.e., your username and password), and then with something you *have* (e.g., your phone).

You'll have the option to authenticate to the HEPIS website by means of:

- a smartphone app,
- a text message, or
- a voice telephone call.

You'll authenticate by confirming a request in the app, or by entering a 6-digit code onto the website sent to you by text or by voice.

The smartphone app is the recommended option, but we realize not everyone will have the access or the desire to use an app.

No matter which method you choose, the website will walk you through the setup process step by step. Setting it up will take less than five minutes, and using it each time you login will take only a few seconds.

IV. GEAR UP Dashboard

Once you are logged in and authenticated you will see your GEAR UP Dashboard.

Welcome to the new GEAR UP web portal!

This Web site is used to collect annual, interim, and final performance reports from GEAR UP grantees.

PR#	Report Type	Data Entry Window	Status	Enter System
P334A	APR	03/09/2020 to 04/15/2020	In Progress	GO
P334S	FPR	03/09/2020 to 04/15/2020	In Progress	GO
P334S	Interim	03/09/2020 to 04/15/2020	In Progress	GO

The dashboard lists all the grants you have permission to access. For some users this will be one grant, for others it may be more than one. If you are listed as the Project Director, Additional Contact/Data Entry Person, or Certifying Official on a grant, it will appear on your dashboard.

The main menu has two additional links now that you're logged in:

1. **Account** - click here to change your password and manage your two-factor authentication method(s)
2. **Logout** - click here to end your user session and logout of the system

For each of your grants, the dashboard will display the PR Number, Report Type (APR, FPR, or Interim) and the Status of each report.

Click the appropriate **GO** button to enter the system and access that grant's report.

If a report is Not Started or In Progress you will be taken to the data entry forms for that report.

If a report is Submitted, you will be taken to the Submit tab. If the system is still open, you can request that your report be unsubmitted so that you can edit the information and resubmit.

Welcome!

INSTRUCTIONS:
Section 75.720 of Education Department General Administrative Regulations (EDGAR) requires Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) State and Partnership grantees to submit an Annual Performance Report (APR). The U.S. Department of Education (Department) uses APRs to help determine if projects are making substantial progress in accomplishing the goals and objectives of the project. Continuation funding is based on, in part, grantees making annual substantial progress. The Government Performance and Results Act of 1993 also requires that APR data is used to assess the GEAR UP program as a whole.

The APR consists of a cover sheet and six sections. The cover sheet must be completed and signed by the project director and the authorized representative and returned to the Department along with the six sections on or before the due date. A separate announcement including these instructions and the due date will be emailed to each grantee annually. Grantees are expected to complete all questions in the APR except when otherwise stated. Please define all terms specific to your

Please make note of the following changes in the new system:

1. Grantees are no longer required to upload a signed certification form. There is now a section where the Certifying Official is able to electronically sign the document.
2. Grantees are no longer required to upload a Word template for Sections I and II. Those sections have been converted into standard online data entry forms.
3. Grantees are expected to complete all questions in all sections of the report *except where noted*. Questions that are *not required* will be marked **Optional** at the beginning of the question.

VII. Section I: Executive Summary

The Executive Summary requires grantees to provide a brief description of the project's overall accomplishments, highlighting major outcomes, successes, and challenges.

All questions in this section are required and must be answered by all grantees.

The screenshot displays the GEAR UP web application interface. At the top, the header reads "GEAR UP" in large white letters on a teal background, with the subtitle "Gaining Early Awareness and Readiness for Undergraduate Programs" below it. A navigation bar contains links for Home, About, Help, FAQs, Contact Us, Account, and Logout. On the left, a vertical sidebar lists sections: Welcome, Grantee Profile, Section 1 (Executive Summary), Section 2 (Administrative Information), Section 3 (Fiscal Management), Section 4 (Student's Demographic Data), and Section 5 (Objectives and Services). The main content area shows a user profile for "project.director@commstate.edu" with fields for PR/Award Number (P334A000000), Reporting Period (9/25/2018 - 9/24/2019), Grantee Name (COMMUNITY STATE COLLEGE UNIVERSITY), and Program Officer (David Howe). Below this is a breadcrumb trail "Welcome / Executive Summary" and a heading "Section 1: Executive Summary". A teal box contains a note: "Note: You must answer all questions in order to submit your report, except those marked Optional." The main text area begins with the mission statement: "The mission of the GEAR UP program is to significantly increase the number of low-income students who are prepared to enter and succeed in postsecondary education. Please provide a brief description (no more than 4000 characters, or approximately three pages) of the current status of your project. Describe the extent to which you have implemented all program activities and components planned for this reporting period, highlighting your major outcomes, successes, and challenges as they pertain to:" followed by a bulleted list of goals: "Improving the academic performance of GEAR UP students;" "Increasing educational expectations of participating students and their parents, guardians, or family members;" "Improving knowledge postsecondary education preparation and financing for students and their parents, guardians, or family members; and" "Working to improve high school graduation and postsecondary enrollment rates."

Formerly, Section I was entered into a downloadable Word template and then uploaded into the system.

Now, Section I is entered into data entry form fields just like the rest of the APR.

Please note that the data entry fields do not accept any special formatting characters, such as bold, underline, or italics. They also will not accept tables, charts, graphs, or images.

If you are used to creating your Executive Summary in Word, you may continue to do so, but we would recommend before cutting and pasting it into the system, try cutting and pasting it into Notepad first to see how the formatting will be affected.

VIII. Section II: Administrative Information

The Narrative section allows grantees to provide data on project successes and areas of greatest impact; barriers or challenges; progress towards meeting proposed objectives; lessons learned; effect of the project on participants' academic achievement and/or performance; and sustainability of activities and outcomes.

All questions in this section are required and must be answered by all grantees.

The screenshot displays the GEAR UP web application interface. At the top, the header reads "GEAR UP" with the subtitle "Gaining Early Awareness and Readiness for Undergraduate Programs". Below this is a breadcrumb trail "Welcome / Administrative Information" and a heading "Section 2: Administrative Information". A note states: "Note: You must answer all questions in order to submit your report, except those marked Optional." A question is listed: "1. Describe any significant changes in your project design since the approval of your grant application that did not require prior approval from the Department (e.g., changing from individual tutoring to group tutoring or placing more emphasis on enrichment activities rather than remediation). Note: Changes that require prior approval from the Department should be submitted directly to your program specialist and not through your APR." A large text input field is provided for the answer.
