Public reporting burden for this collection of information is estimated to average 40 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required (34 CFR Section 75.590 (\$75.590) of the Education Department General Administrative Regulations (EDGAR)) to obtain or retain benefit. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20210-4537 or e-mail ICDocketMgr@ed.gov and reference the OMB Control Number 1840-0782. INSTRUCTIONS:

In accordance with 34 CFR Section 75.590 (§75.590) of the Education Department General Administrative Regulations (EDGAR), all grant recipients are required to submit a final performance report. Before we can officially close out your grant, you must submit a final performance report to us by no later than 90 days after the grant expires.

This set of forms is the Financial Status and Program Performance Final Report for GEAR UP State and Partnership projects (hereafter cited as Final Report). A Final Report is used by the Department of Education to determine whether recipients of discretionary grants have made substantial progress towards meeting the objectives of their respective projects, as outlined in their grant applications and/or subsequent work plans. In addition, the final report allows the Department of Education to evaluate each grant project's fiscal operations for the entire grant performance period, and compare total expenditures relative to federal funds awarded, and actual cost-share/matching relative to the total amount in the approved grant application. The GEAR UP Final Report is also used to collect data addressing the performance of the program on a national level and thereby includes information for the Department to use when reporting outcome data regarding the GEAR UP performance indicators under the Government Performance and Results Act of 1993 (GPRA).

The Final Report consists of a cover sheet and six sections. The cover sheet must be completed and signed by the Project Director (or designated representative, if need be) and the certifying official and returned to the Department of Education along with the six sections on or before the due date.

Grantees are expected to complete all questions in the report. Please write "Not Applicable" or "N/A" if a question does not pertain to your project.

Unless otherwise noted, please provide information for the Final Report that is in accordance with the duration of your GEAR UP grant performance period.

The final program performance and financial status reports are reviewed by the GEAR UP staff to ensure that grant recipients have achieved the goals of the GEAR UP grant program, are reporting information that demonstrates successful achievement of expected outcomes and are in compliance with applicable Department regulations. Thus, please note: the final program performance and financial report review will determine if the GEAR UP grant is ready to be closed in "good standing" or needs to remain open for further departmental post-award action. If the report has not been received or the information in the report does not demonstrate successful achievement of expected outcomes, the Department of Education issues a noncompliance letter to the particular grant recipient.

We strongly encourage you to draw down on funds necessary to cover costs incurred while implementing the grant and meet the cost share/matching on approved budgets by no later than 90 days after the grant expires. Once we have determined that all of the close-out requirements and all other terms/conditions of your grant award have been met, we will send an official closeout notification to you.

SECTION I: EXECUTIVE SUMMARY

Please describe the extent to which you have implemented all program activities and components planned for your grant. Highlight your major outcomes, successes, and concerns.

- 2) What barriers or problems have you encountered in administering your grant, and how have you addressed these problems?
- 3) Please describe the progress your project has made towards accomplishing the proposed objectives of your project as outlined in your grant application or subsequent workplans (i.e., describe the extent of making “substantial progress” towards meeting the project objectives and achieving the goals of the GEAR UP program).

In the table below, please list your Year 1 – Year 7 objectives, and indicate what activities took place with respect to each of these objectives, as well as the results of those activities.

| Objectives: List the approved objectives from your grant application or work plan. Where applicable, provide baseline data. | Activities: List the activities that have been conducted to meet the objective. | Results: Has the objective been met? If not, why not and what progress have you made in reaching the objective? |

SECTION III: GRANT ADMINISTRATION INFORMATION

- 1) Please describe any significant changes in your project design since the approval of your grant application (*e.g.*, changing from individual tutoring to group tutoring or placing more emphasis on enrichment activities rather than remediation). How did these changes affect your budget, federal expenditures, or matching contributions?

- 2) Please describe any changes to the roles of your partners during the six or seven years of your project. Describe any partners who have been added to your grant since the onset. Did the role of any of your partners in your final project year change significantly since they initially served your project? Did any partner(s) discontinue their participation in your grant?

- 3) If your project has a scholarship component for postsecondary education, please provide: (a) information about the amount of **Federal** scholarship funds that has been obligated; (b) information regarding where the scholarship funds are held pending distribution to former GEAR UP students (*e.g.*, are the funds in a trust account?); and (c) how the funds will be disbursed and to whom. If you have already disbursed scholarship money to students, please indicate the amount of money disbursed, the number of students who received scholarships, and the average amount of the scholarships awarded.

- 4) If your project has a scholarship component for postsecondary education, please provide: (a) information about the amount of **match** scholarship funds that has been obligated; (b) information regarding where scholarship funds are held pending distribution to former GEAR UP students (*e.g.*, are the funds in a trust account?); and (c) how the funds will be disbursed and to whom. If you have already disbursed scholarship money to students, please indicate the amount of money disbursed, the number of students who received scholarships, and the average amount of the scholarships awarded.
